- Hot dip galvanized ST37 (S235JR) or epoxy coated
- Stainless steel 1.4301 (SS304) or 1.4404 (SS316L)

Gate valve

Gate valve with adapter

Gate valve with adapter, **SENTINEL** and handwheel

SENTINEL
electrical

Material: stainless steel or ductile iron

SENTINEL
mechanical

YOUR ADVANTAGES

- **ABSOLUTELY FLEXIBLE**
Whether the gate valve is still in stock or already installed in the pipelines, it can be easily equipped with the SENTINEL position indicator at any time!
- **SIMPLE AND AFFORDABLE**
With the help of the adapter, the SENTINEL position indicator is quickly mounted on the gate valve.
